MEASURING INSTRUCTIONS:

Indicate right and left foot — measure over socks or hose and breeches. Please have someone help you measure.

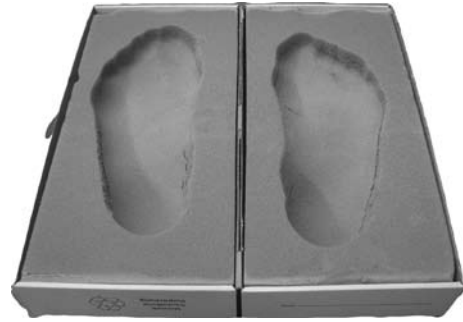

Outline both feet and indicate right and left. To outline foot use slim pen and draw complete outline of foot. Trace under arch of foot at 45° angle. Trace and label any corns, etc., then follow instructions below for measuring each foot. Measure in inches.

Trace each foot on a separate piece of paper (see page 6 & 7). Make sure tracing and measurements have all information filled out. Please be sure to add the dotted lines to your tracing indicating the arch and ball of your feet.

IMPORTANT!

All measurements must be taken in sitting position. For accurate measurements, always have someone else measure you.

Measured by _____

FOAM BOX

Use the foam box to make a foot impression and include along with the measurements below.

CIRCUMFERENCE MEASUREMENTS - from floor:

6" _____ 8" _____ 10" _____ 12" _____

1. TRACING Wearing socks normally worn, trace the outline of your foot at a 90° angle using a pencil. Then take a tape measure and measure from the longer toeline straight to the back of the heel.

RIGHT _____
LEFT _____

2. BALL Measure the ball of the foot from the big toe joint all the way around the little toe joint, straight across without angling the tape.

RIGHT _____
LEFT _____

3. INSTEP Measure from the highest point of the top of the foot all the way around straight across, not at an angle.

RIGHT _____
LEFT _____

4. HEEL The heel measurement is taken diagonally from the bottom of the back of the heel across the top of the foot.

RIGHT _____
LEFT _____

5. ANKLE Measure around the ankle bone. (usually 4-6" from the floor)

RIGHT _____
LEFT _____

6. CALF The calf measurement is taken at the widest part of the calf. It can be found by sliding the measuring tape up and down until finding the widest point.

RIGHT _____
LEFT _____

7. TOP The top is measured at the highest point (to the crease of the knee) and make a pencil mark on outside of the leg on top of the tape.

RIGHT _____
LEFT _____

8. HEIGHT The height is measured from the pencil mark, to the floor, on the outside of the leg, then add 1/4" for your total height measurement (that is to allow for breakage and wrinkling).

RIGHT _____
LEFT _____
