Show Ring Perfection

Made in Italy. Designed for an elegant, profiled fit for ladies and men. Due to the soft leather, these boots are best suited for the show ring, not for everyday use. The semi-custom boot option lets you add or subtract up to an inch from the height and/or calf width on any stock Parlanti boot to achieve your perfect fit.

HOW TO ORDER PARLANTI BOOTS

Use the size chart below to find the closest size available. You can add or subtract 2cm adjustment to height and/or calf.

Produced by DeNiro in Southern Italy, these exquisite custom boots are handcrafted in Italian grain calfskin leather. With an elegant, classic shape and a Spanish-cut design, the boot is designed using an innovative technology using hydrophobic materials that are bonded to the leather during tanning to form a protective barrier. The boot is water-resistant, wind-resistant, breathable and crack-resistant, allowing the leather to maintain its softness and color, ensuring longevity.

Please take care when measuring. To help us provide you with boots that fit perfectly, we ask you to read the following instructions carefully before completing the form.

Measurements must be taken wearing jodhpurs or breeches and socks, no shoes, and must be taken seated. You may find it easier if someone else does the measuring.

A. Back height, from the crease at the back of the knee straight down to the ground. Enter the actual measurement and then add 1½—2 centimeters to allow for the shaft to drop in usage.
B. Circumference of the leg just under the knee.
C. Circumference of the leg at the widest part of the calf.
I. Circumference of the leg at 20 cms up from the ground.
D. Circumference of the leg at 15 cms up from the ground.
E. Circumference at the position marked.
F. Circumference at the position marked.
G. Circumference at the position marked.
H. Measure at the position marked, length of the foot.

Allow 6 weeks for delivery. Rush service with 2 weeks production time at additional cost.

Signature Style

Der-Dau custom boots are individually handcrafted in fine Italian leather and require no break-in time. Building upon more than 50 years of fine bootmaking, their custom boots are durable for competition, yet soft and pliable for daily comfort. They feature single rippled soles for the best grip on stirrups and a contoured cut for the most tapered ankle possible. U.S.A.

MEASURING INSTRUCTIONS

Trace each foot on a separate piece of paper. Next, follow the step-by-step directions, below. Measure over the riding apparel you wear—breeches, tights, jeans, socks, etc. Have someone else help you measure, and make sure to indicate right and left foot on each sheet of paper.

Note: to outline correctly, use a slim pen and draw a complete outline of each foot. Trace under the arch of your foot at a 45° angle. Trace and label any corns, bunions, etc. Please be sure to add the dotted lines to your tracings, indicating the arch, ball and heel of each foot.

IMPORTANT!
Always have someone else measure you. All feet measurements (1-4) must be taken while standing; all leg measurements (5-8) must be taken in a sitting position. Please note whether measurements were taken over a bare leg or while wearing breeches, tights or pants.

1. TRACING

Wearing socks and breeches normally worn, trace the outline of your feet at a 90° angle using a pencil. Then measure from the longer toeline straight to the back of the heel.

RIGHT ______________________________
LEFT ______________________________

2. BALL

Measure the ball of the foot from the big toe joint all the way around the little toe joint, straight across—without angling the measuring tape.

RIGHT ______________________________
LEFT ______________________________

3. INSTEP

Measure from the highest point of the top of the foot all the way around and straight across—not at an angle.

RIGHT ______________________________
LEFT ______________________________

4. HEEL

The heel measurement is taken diagonally from the bottom of the back of the heel and across the top of the foot.

RIGHT ______________________________
LEFT ______________________________

5. ANKLE

Measure around the ankle bone (usually 4” from the floor).

RIGHT ______________________________
LEFT ______________________________

6. CALF

The calf measurement is taken at the widest part of the calf. Tip: it can be found by sliding the measuring tape up and down until finding the widest point.

RIGHT ______________________________
LEFT ______________________________

7. TOP

The top is measured at the highest point (to the crease of the knee). Make a pencil mark on outside of the leg on top of the tape.

RIGHT ______________________________
LEFT ______________________________

8. HEIGHT

The height is measured from the pencil mark, to the floor, on the outside of the leg, then add 1 1/2” for your total height measurement (to allow for breakage and wrinkling). From floor up: 6”, 8”, 10”, 12” up leg.

RIGHT ______________________________
LEFT ______________________________

NOTE: Please mark on the foot tracing exactly where heel, instep and joint (ball) measurements were taken.

Foot information for semi-custom boots will be used to determine standard size foot only.

Please provide foam box imprint for all Der-Dau boots.

Incredible fit & fantastic look

From a little town in Kansas and appreciated worldwide, The Dehner Company, Inc. enjoys a long history of exceptional shoe and bootmaking dating back to 1875. Their tireless effort has allowed the brand to create a global following—every boot and shoe is still crafted by hand as was done over a century ago. USA.

MEASURING INSTRUCTIONS
Always measure over clothing to be worn in the footwear. All measurements are to be taken while seated, by someone else. Have your leg crossed over your other knee for circumference measurements 1 through 4. For measurements 5, 6 and 7 place feet flat on the floor. Calf circumference is measured around the largest part of the leg and around the top as illustrated, left.

*For height on riding boots, take measure #7 on the inside of the leg and add 1 1/4" for wrinkling at ankles. Drop may vary depending on lining. On Patrol Boots add 3/4". Foot tracings are to be taken standing with equal weight on both feet. Draw foot outlines holding the pencil perpendicular to the floor.

STATE BASIC MEASUREMENTS

TAKE FOOT MEASUREMENTS FOR JUMPING BOOTS

Measure the height from the floor underneath the ankle bone, to the middle of the knee cap, with a slightly bent leg. Measure the calf at the widest part. Please state at which height from the ground you have measured the widest part of the calf.

Start by drawing outlines of both feet on the left sheet. Then measure the ball of the foot at the widest part behind the toes. The instep measurement is taken at the highest point at the middle of the foot. The heel measurement is taken from the heel to the top end of the instep area.

For jumping boots, the so-called ABC measurements are required as well as additional measurements of the ankles. To take these measurements please use the Cavallo ABC measuring sticker.

For more than 160 years, Königs—king in German—has produced exceptional quality riding boots. Crafted with high technical diligence and individually handmade, the company uses only the finest materials and methods that are as environmentally friendly as possible. Tradition and trends characterize the range of Königs boot models, and durability is built into every design.

1. CHOOSE YOUR BOOT STYLE

☐ KÖNIGS FRANTISI FAVORITE
A popular dressage boot option. Made of calf leather inside and outside. Styled with an inner front zipper. Rigid outer helps secure your lower leg, but retain some flexibility in the ankle. High Spanish cut. 6 cm dressage bow. Mackay lasted sole. Made in Germany.
#3834 $1345.00

☐ KÖNIGS SIR
The most preferred competition model used by serious professional dressage riders worldwide. Made from high-quality, fine grain box calf leather with calf leather lining. Crafted with hand-sewn seams. Full zipper at the inside front, snap zipper keeper, whalebone reinforcement and welted leather sole. The rigid outside of the shaft is stiffened with firm leather. Spanish top. Goodyear welted sole. Made in Germany.
#3834 $1745.00

☐ KÖNIGS GRAND GESTER
Made from the finest box calf leather. It is fully lined with calfskin and does not have a stiff outside shaft. Styled with a medium-high dressage bow and fitted with an inside front zipper with snap fastener. Polish heel with hand-stitched seams, leather heel cap and whalebone reinforcement. Comfort insoles and a welted leather sole. Made in Germany.
#3834 $1645.00

One of the most well respected brands in the equine industry, Grand Prix® produces a superior quality riding jacket with premium technical fabric and excellent value. The hallmarks of the Grand Prix brand—fit, fashion and function—were the driving forces behind its first show coat design and continue as the central focus today. In fact, Grand Prix offers more choices in show coat cuts and styling than any other company. The brand’s Classic style is a traditional three-button, double-vented jacket, while the European cut offers a four-button front, curved back seams and an elegant center back vent.

Engineered by experts using premium materials and modern technologies, Samshield helmets deliver elegance, coverage and exceptional comfort. A discreet ventilation system promotes optimal airflow without detracting from sophisticated styling, and a clever liner eliminates uncomfortable pressure points. Each helmet is assembled by hand with meticulous attention to detail.

**SAMSHIELD PREMIUM HELMET**
Greater comfort with no pressure on forehead. Washable, replaceable memory foam liner conforms to head and won’t compress. Incredible air flow is funneled under the visor and through the polycarbonate shell. Outer shell cover is made of water-resistant Alcantara®. Soft leather around the harness offers a secure, comfortable fit. Black, blue, brown, gray. Imported. **ASTM F1163-15/SEI Certified.
#36551   $690.00

**SAMSHIELD® SHADOWMATT® HELMET**
An elegant helmet with exceptional ventilation under the visor and through the shell, instead of large vents on the shell. The shell is finished with a scratch-resistant and durable paint. Memory foam liner is removable, washable and replaceable. Black, blue, brown. Imported. **ASTM F1163-15/SEI Certified.

FITTING INSTRUCTIONS
This vest requires measurements of the chest, waist and spine. Remember, the vest is designed
to fit snugly. Reference the size chart, below, to select the most appropriate size for your
measurements. If your measurements fall between sizes, the best fit is usually the smaller size.

A CHEST  Measure at the widest point to a snug fit.
B WAIST  Measure at the natural waist.
C SPINE  Measure from the small bump at the back of the neck down to the tailbone,
following the contours of the spine. Subtract 2” from the saddle or chair to avoid interference
with the saddle while riding.

Mattes—custom elegance

Unsurpassed quality, design, function, materials, durability and appearance combine to make E.A. Mattes the world's leading equestrian brand in sheepskin and related wool products. Design your own Mattes saddle pad and ear bonnet using their wide selection of colors for sheepskin, binding and piping. Produced in Europe from the highest quality EQH Fleece and high-tech features.

### QUILT SADDLE PADS
Mattes pads feature extremely dense Suffolk/merino genuine sheepskin that will mold perfectly to your horse’s back. The upright position of the fibers eliminates friction and provides air circulation. Pads are 100% natural, with no chemical treatment, and the heavy quilted tops are made to last. Seamless Spine Free® sheepskin panel eliminates pressure points and pinching. The pommel features extra padding and the inner core is no-bounce Poly-Flex. Machine wash. Imported.

CUSTOM ORDERS
We require full payment prior to processing custom orders. The customer accepts responsibility for the measurements. Custom orders cannot be returned.

SADDLE POLICY
As riders and horse owners too, we want you to be 100% happy with any purchase from Dover Saddlery. Our 100% satisfaction guarantee lets you make a purchase in confidence: if you make a selection that does not suit you or your horse, you may return it for a refund, exchange or replacement. For manufacturer’s defects we’ll extend the manufacturer’s warranty to 24 months. Exceptions: Safety items—helmets and protective vests may only be returned within 30 days, with their original tags. Saddles and riding boots may be returned within one year, but are subject to a prorated refund based on usage. Used saddles may be returned for 30 days only. Treats and vet meds, which have been opened, are not returnable, and blankets must be clean and free of debris. See DoverSaddlery.com/Guarantee.

THE EASIEST AND BEST GUARANTEE IN THE BUSINESS
Shop with confidence at Dover Saddlery. If a non-customized item doesn’t fit you or your horse, return your original purchase within a year, and we’ll make it right with no refund, exchange or replacement. For manufacturer’s defects we’ll extend the manufacturer’s warranty to 24 months. Exceptions: Safety items—helmets and protective vests may only be returned within 30 days, with their original tags. Saddles and riding boots may be returned within one year, but are subject to a prorated refund based on usage. Used saddles may be returned for 30 days only. Treats and vet meds, which have been opened, are not returnable, and blankets must be clean and free of debris. See DoverSaddlery.com/Guarantee.

NOW! FREE RETURNS
Noncustomized items and any sized item for you or your horse qualifies for a FREE return. See the instructions on the back of our packing slip for all other returns. Non-sized returns start at $7.95 when you use our convenient return label. Visit DoverSaddlery.com/Returns for details.

SPONSORSHIP
For over 45 years, Dover Saddlery has been supporting horse and rider starting with their very first lesson. Our commitment to our local store riding communities is important to us. To learn more about how Dover Saddlery can support your horse show, club or event, please visit DoverSaddlery.com/Sponsorships.

MANUFACTURER RESTRICTED PRICE (MAP)
For years you’ve counted on Dover Saddlery for the best value. We’d love to do even more, but unfortunately, some of our manufacturers restrict the selling price and prevent us from discounting any Manufacturer Restricted Price (MAP) items (previously identified as Premier) in our promotions. MAP items are the result of a manufacturer’s MAP policy, which means that this is the lowest price at which a retailer can advertise the product for sale. United States antitrust statutes permit manufacturers to provide retailers, such as Dover Saddlery, with these pricing restrictions.

MAIL PREFERENCES
We occasionally make our customer list available to carefully selected companies whose products or services may be of interest. If you prefer not to receive their mailings, please copy your mailing label exactly, stating that you do not want your name provided to other companies, and mail it to: Dover Saddlery Mail Preference Service, 525 Great Road, Littleton, MA 01460.

MOVING/DUPLICATE CATALOGS
Please let us know your new address. We need both your old and new addresses. If you receive more than one catalog, send both back covers, indicate which address is correct, and send to: Dover Saddlery Mail Preference Service, 525 Great Road, Littleton, MA 01460. Feel free to pass along your extra catalog to a friend.
