Show Ring
Perfection

Made in Italy. Designed for an elegant, profiled fit for ladies and men. Due to the soft leather, these boots are best suited for the show ring, not for everyday use. The semi-custom boot option lets you add or subtract up to an inch from the height and/or calf width on any stock Parlanti boot to achieve your perfect fit.

HOW TO ORDER PARLANTI BOOTS

Use the size chart below to find the closest size available. You can add or subtract 2cm adjustment to height and/or calf.

Italian-made, high-tech comfort

Produced by DeNiro in Southern Italy, these exquisite custom boots are handcrafted in Italian grain calfskin leather. With an elegant, classic shape and a Spanish-cut design, the boot is designed using an innovative technology using hydrophobic materials that are bonded to the leather during tanning to form a protective barrier. The boot is water-resistant, wind-resistant, breathable and crack-resistant, allowing the leather to maintain its softness and color, ensuring longevity.

4. MEASURING INSTRUCTIONS

Please take care when measuring, and to help us provide you with boots which fit perfectly, we would ask you to read the following instructions carefully before completing the form. Measurements must be taken wearing jodhpurs or breeches and socks, no shoes, and must be taken seated. You may find it easier if someone else does the measuring.

A. Back height, from the crease at the back of the knee straight down to the ground. Enter the actual measurement and then add 1 1/2-2 centimeters to allow for the shaft to drop in usage.

B. Circumference of the leg just under the knee.

C. Circumference at the position marked.

D. Circumference of the leg at the widest part of the calf.

E. Circumference at the position marked.

F. Circumference of the leg at 15 cms up from the ground.

G. Circumference at the position marked.

H. Measure at the position marked, length of the foot.

I. Circumference of the leg at 20 cms up from the ground.

MEASURING INSTRUCTIONS

Trace each foot on a separate piece of paper. Next, follow the step-by-step directions, below. Measure over the riding apparel you wear—breeches, tights, jeans, socks, etc. Have someone else help you measure, and make sure to indicate right and left foot on each sheet of paper.

Note: to outline correctly, use a slim pen and draw a complete outline of each foot. Trace under the arch of your foot at a 45˚ angle. Trace and label any corns, bunions, etc. Please be sure to add the dotted lines to your tracings, indicating the arch, ball and heel of each foot.

IMPORTANT!
Always have someone else measure you. All feet measurements (1-4) must be taken while standing; all leg measurements (5-8) must be taken in a sitting position. Please note whether measurements were taken over a bare leg or while wearing breeches, tights or pants.

1. TRACING

Wearing socks and breeches normally worn, trace the outline of your feet at a 90˚ angle using a pencil. Then measure from the longer toenail straight to the back of the heel.

RIGHT ______________________________
LEFT ______________________________

2. BALL

Measure the ball of the foot from the big toe joint all the way around the little toe joint, straight across—without angling the measuring tape.

RIGHT ______________________________
LEFT ______________________________

3. INSTEP

Measure from the highest point of the top of the foot all the way around and straight across—not at an angle.

RIGHT ______________________________
LEFT ______________________________

4. HEEL

The heel measurement is taken diagonally from the bottom of the back of the heel and across the top of the foot.

RIGHT ______________________________
LEFT ______________________________

5. ANKLE

Measure around the ankle bone (usually 4" from the floor).

RIGHT ______________________________
LEFT ______________________________

6. CALF

The calf measurement is taken at the widest part of the calf. Tip: it can be found by sliding the measuring tape up and down until finding the widest point.

RIGHT ______________________________
LEFT ______________________________

7. TOP

The top is measured at the highest point (to the crease of the knee). Make a pencil mark on outside of the leg on top of the tape.

RIGHT ______________________________
LEFT ______________________________

8. HEIGHT

The height is measured from the pencil mark, to the floor, on the outside of the leg, then add 1½" for your total height measurement (to allow for breakage and wrinkling). From floor up: 6", 8", 10", 12" up leg.

RIGHT ______________________________
LEFT ______________________________

NOTE: Please mark on the foot tracing exactly where heel, instep and joint (ball) measurements were taken.

Foot information for semi-custom boots will be used to determine standard size foot only.

Please provide foam box imprint for all Der-Dau boots.

Incredible fit & fantastic look

Appreciated worldwide, The Dehner Company, Inc. enjoys a long history of exceptional shoe and bootmaking that dates back to 1875, from a little town in Kansas. Their tireless effort has allowed the brand to create a global following—and every boot and shoe is still crafted by hand as was done over a century ago. USA.

MEASURING INSTRUCTIONS
Always measure over clothing to be worn in the footwear. All measurements are to be taken while seated, by someone else. Have your leg crossed over your other knee for circumference measurements 1 through 4. For measurements 5, 6 and 7 place feet flat on the floor. Calf circumference is measured around the largest part of the leg and around the top as illustrated, left.

*For height on riding boots, take measure #7 on the inside of the leg and add 1 1/4" for wrinkling at ankles. Drop may vary depending on lining. On Patrol Boots add 3/4". Foot tracings are to be taken standing with equal weight on both feet. Draw foot outlines holding the pencil perpendicular to the floor.

3. MEASURING INSTRUCTIONS
- Refer to the chart on the right for measurement instructions on where to place the tape measure on your legs and feet.
- All measurements should be taken over pants and socks usually worn.
- The customer should stand with weight evenly distributed on both feet.
- Use a thin pen when measuring.
- Note that the feet are rested in the mornings but usually swollen in the evenings.
- In the case of boots with long zippers the measurement must be taken from the lower and upper ankle points to the ground.

1. FOOT OUTLINE - Please measure both feet and draw the outline of each foot with a thin pen. Keep the pen upright and as close as possible to your foot. Please mark where measurements of the joint, instep and heel were taken on the foot outline. Original foot outline should be sent by mail, not fax, as the fax machine may distort the proportions.

2. FOOT LENGTH - Refer to chart.

3. JOINT OF FOOT - Refer to chart.

4. INSTEP - Refer to chart.

5. HEEL - Refer to chart.

6. HEIGHT - Measured on the outside of the leg from the floor up to the middle of the knee cap. The leg needs to be slightly bent (see drawing, right). In taking the height measurement this way, the dropping of the boots is taken into account.

7. CALF - Please measure around the widest point. For boots that have a long zip down to the floor instead of the reinforcement strip we need the following measurements. Calf measurements above the floor:
   A - 25 cm, B - 20 cm, C - 15 cm

8. TOP - The measurement is taken just below the knee cap. Breeches must be pulled smoothly. Should the calf measurement differ more than 3 cm from the top measurement, a short zipper or concealed elastic are recommended. Measurement tape needs to be tight when measured over the breech.

9. UPPER ANKLE - Refer to chart.

10. LOWER ANKLE - Refer to chart.

5. CUSTOMER MEASUREMENTS
Tip: Have you compared the shoe size with your tracing? Did you come up with the same size?

FOOT TRACING AND MEASUREMENT DIRECTIONS
Nos. 1-4 over socks worn with boots; Nos. 5-7 over breeches normally worn. All measurements should be taken in seated position.

MEASURED OVER (check one) □ Bare Leg □ Breeches

1. TRACING
Trace foot on either LETTER (8.5" x 11") or LEGAL (8.5" x 14") paper. Use slim pen to draw complete outline of foot, then trace under arch at 45° angle. Place tape snugly but without pressure around foot in areas to be measured. Mark location of tape on both sides of foot and both sides of tape as shown below. Measured by __________________________ Name Printed in Boot __________________________

2. BALL
Around big toe joint straight across, as illustrated. DO NOT ANGLE. Measure over hose normally worn.
Right __________________________
Left __________________________

3. INSTEP
Straight across, around instep as illustrated.
Right __________________________
Left __________________________

4. HEEL
Touching floor at back of heel bring tape around from both sides, as illustrated.
Right __________________________
Left __________________________

5. ANKLE
Around the narrowest part of ankle, above the ankle bone, as illustrated.
Right __________________________
Left __________________________

6. CALF
Around the widest part of calf, as illustrated. Taken over: □ Bare leg □ Breeches
Right __________________________
Left __________________________

7. BOOT TOP
Place tape around leg at tendon height parallel to floor. Place a mark on the outside of leg ABOVE tape, which will be used for the height measurement, as illustrated.
Left __________________________

8. BOOT HEIGHT
Measure from pencil mark on outside of leg to floor, as illustrated. Add 1 1/4" for wrinkling for when boots break in.
Right __________________________

Legendsry craftsmanship

For more than 160 years, Königs—king in German—has produced exceptional quality riding boots. Crafted with high technical diligence and individually handmade, the company uses only the finest materials and methods that are as environmentally friendly as possible. Tradition and trends characterize the range of Königs boot models, and durability is built into every design.

1. CHOOSE YOUR BOOT STYLE

☐ Königs Frantis Favorite
A popular dressage boot option. Made of calf leather inside and outside. Styled with an inner front zipper. Rigid outer helps secure your lower leg, but retain some flexibility in the ankle. High Spanish cut. 6 cm dressage bow. Mackay lasted sole. Made in Germany.
#3834 $1245.00

☐ Königs Sir
The most preferred competition model used by serious professional dressage riders worldwide. Made from high-quality, fine grain box calf leather with calf leather lining. Crafted with hand-sewn seams. Full zipper at the inside front, snap zipper keeper, whalebone reinforcement and welted leather sole. The rigid outside of the shaft is stiffened with firm leather. Spanish top. Goodyear welted sole. Made in Germany.
#3834 $1645.00

☐ Königs Grandgester
Made from the finest box calf leather. It is fully lined with calfskin and does not have a stiff outside shaft. Styled with a medium-high dressage bow and fitted with an inside front zipper with snap fastener. Polish heel with hand-stitched seams, leather heel cap and whalebone reinforcement. Comfort insoles and a welted leather sole. Made in Germany.
#3834 $1545.00

**Fit, fashion & function**

One of the most well respected brands in the equine industry, Grand Prix® produces a superior quality riding jacket with premium technical fabric and excellent value. The hallmarks of the Grand Prix brand—fit, fashion and function—were the driving forces behind its first show coat design and continue as the central focus today.

In fact, Grand Prix offers more choices in show coat cuts and styling than any other company. The brand’s Classic style is a traditional three-button, double-vented jacket, while the European cut offers a four-button front, curved back seams and an elegant center back vent.

Engineered by experts using premium materials and modern technologies, Samshield helmets deliver elegance, coverage and exceptional comfort. A discreet ventilation system promotes optimal airflow without detracting from sophisticated styling, and a clever liner eliminates uncomfortable pressure points.

Each helmet is assembled by hand with meticulous attention to detail.

**SAMSHIELD PREMIUM HELMET**
Greater comfort with no pressure on forehead. Washable, replaceable memory foam liner conforms to head and won't compress. Incredible air flow is funneled under the visor and through the polycarbonate shell. Outer shell cover is made of water-resistant Alcantara®. Soft leather around the harness offers a secure, comfortable fit. Black, blue, brown, gray. Imported. **ASTM F1163-15/SEI Certified.**

#36551 $665.00

**SAMSHIELD® SHADOWMATT® HELMET**
An elegant helmet with exceptional ventilation under the visor and through the shell, instead of large vents on the shell. The shell is finished with a scratch-resistant and durable paint. Memory foam liner is removable, washable and replaceable. Black, blue, brown. Imported. **ASTM F1163-15/SEI Certified.**

#36609 $495.00

FITTING INSTRUCTIONS
This vest requires measurements of the chest, waist and spine. Remember, the vest is designed to fit snugly. Reference the size chart, below, to select the most appropriate size for your measurements. If your measurements fall between sizes, the best fit is usually the smaller size.

A CHEST  Measure at the widest point to a snug fit.

B WAIST  Measure at the natural waist.

C SPINE  Measure from the small bump at the back of the neck down to the tailbone, following the contours of the spine. Subtract 2" from the saddle or chair to avoid interference with the saddle while riding.

Mattes—custom elegance

Unsurpassed quality, design, function, materials, durability and appearance combine to make E.A. Mattes the world's leading equestrian brand in sheepskin and related wool products. Design your own Mattes saddle pad and ear bonnet using their wide selection of colors for sheepskin, binding and piping. Produced in Europe from the highest quality EHQ Fleece and high-tech features.

QUILT SADDLE PADS
Mattes pads feature extremely dense Suffolk/merino genuine sheepskin that will mold perfectly to your horse's back. The upright position of the fibers eliminates friction and provides air circulation. Pads are 100% natural, with no chemical treatment, and the heavy quilted tops are made to last. Seamless Spine Free® sheepskin panel eliminates pressure points and pinching. The pommel features extra padding and the inner core is no-bounce Poly-Flex. Machine wash. Imported.

*Excluding Manufacturers’ Restricted Price products.

10% OFF FOR USEF MEMBERS*

Dover Saddlery is a proud partner of the United States Equestrian Federation and USEF Hunter Seat Medal Final. USEF members save 10% off* their order through the member perks program. Visit DoverSaddlery.com/USEF for more information.
*Excluding Manufacturers’ Restricted Price products.

CUSTOM ORDERS
We require full payment prior to processing custom orders. The customer accepts responsibility for the measurements. Custom orders cannot be returned.

SADDLE POLICY
As riders and horse owners too, we want you to be 100% happy with any purchase from Dover Saddlery. Our 100% satisfaction guarantee lets you make a purchase in confidence: if you make a selection that does not suit you or your horse, you may return it for a refund, exchange or replacement. For manufacturer’s defects we’ll extend the manufacturer’s warranty to 24 months. Exceptions: Safety items—helmets and protective vests may only be returned within 30 days, with their original tags. Saddles and riding boots may be returned within one year, but are subject to a prorated refund based on usage. Used saddles may be returned for 30 days only. Treats and vet meds, which have been opened, are not returnable, and blankets must be clean and free of debris. See DoverSaddlery.com/Guarantee.

NOW! FREE RETURNS
Noncustomized items and any sized item for you or your horse qualifies for a FREE return. See the instructions on the back of our packing slip for all other returns. Non-sized returns start at $7.95 when you use our convenient return label. Visit DoverSaddlery.com/Returns for details.

SPONSORSHIP
For over 45 years, Dover Saddlery has been supporting horse and rider starting with their very first lesson. Our commitment to our local store riding communities is important to us. To learn more about how Dover Saddlery can support your horse show, club or event, please visit DoverSaddlery.com/Sponsorships.

MANUFACTURER RESTRICTED PRICE (MAP)
For years you’ve counted on Dover Saddlery for the best value. We’d love to do even more, but unfortunately, some of our manufacturers restrict the selling price and prevent us from discounting any Manufacturer Restricted Price (MAP) items (previously identified as Premier) in our promotions. MAP items are the result of a manufacturer’s MAP policy, which means that this is the lowest price at which a retailer can advertise the product for sale. United States antitrust statutes permit manufacturers to provide retailers, such as Dover Saddlery, with these pricing restrictions.

MAIL PREFERENCES
We occasionally make our customer list available to carefully selected companies whose products or services may be of interest. If you prefer not to receive their mailings, please copy your mailing label exactly, stating that you do not want your name provided to other companies, and mail it to: Dover Saddlery Mail Preference Service, 525 Great Road, Littleton, MA 01460.

MOVING/DUPLICATE CATALOGS
Please let us know your new address. We need both your old and new addresses. If you receive more than one catalog, send both back covers, indicate which address is correct, and send to: Dover Saddlery Mail Preference Service, 525 Great Road, Littleton, MA 01460. Feel free to pass along your extra catalog to a friend.

Dover Saddlery is a proud partner of the United States Equestrian Federation and USEF Hunter Seat Medal Final. USEF members save 10% off* their order through the member perks program. Visit DoverSaddlery.com/USEF for more information.
